Exam 2 Audioscript

Hey, guys. My name is Danny, and I want to talk to you about bike safety. For years, my mother always told me to wear a helmet when I ride my bike. And for years, I never listened. That moment changed on July 22nd last year. It was 9 am, and I left my house to go to school on my bike. As usual, I did not wear a helmet. But when I was 5 minutes away from my house, I had a strange feeling that I should turn around and put on my helmet. So I did. I went home, put on my helmet, and continued to school. About 10 minutes later, I was crossing the road on my bike and was hit by a speeding motorcycle. I flew into the air and landed hard on my back and head. It hurt, but I was not seriously injured. At the hospital, the doctor said if I hadn't been wearing a helmet, it could have been fatal. It was one very lucky day. Ever since that day, I always wear my helmet. I suggest all of you do too.
